First Aid Measures

Inhalation: Move the exposed person to fresh air. Obtain medical advice immediately. Unlikely to present an inhalation hazard as the product is supplied as a paste

Skin: may cause irritation to skin. Remove contaminated clothing. Wash off immediately with plenty of soap and water. If irritation persists obtain medical attention. Contaminated clothing should be washed and dried before re use.

Eyes: May cause irritation to eyes. Immediately flush eyes with running water for at least 15 minutes, keeping eyelids open. If irritation persists, seek professional medical attention

Ingestion: If swallowed, seek medical advice immediately and show the safety data sheet or label. Rinse mouth with water. Do not provoke vomiting, seek medical advice first

Antidote is vitamin K1 to be administered by a medical or veterinarian professional

Storage / Spillage

Storage: Keep in original labelled container in designated, controlled pesticide store, out of reach of children and protected from elements.

Spillage – Clean spillages immediately. Avoid entry to watercourses

Disposal of Substances & Contaminated Containers

Hazardous Waste Skip Return to Depot Return to Supplier Other

(If Other Please State):.....

Is exposure adequately controlled?

Yes No

Risk Rating Following Control Measures

High Medium Low
