

COSHH Risk Assessment No: 021

Product Name: ULV 500

Registration number – HSE 4647

Appearance – Straw coloured liquid stored in one litre bottle

Describe the activity or work process.
(Inc. how long/ how often this is carried out and quantity substance used)

Ready to use oil based formulated Insecticide for the control of insect pests in domestic and public health situations. Professional use only. Applied through an Exodus ULV machine at a dose of 100ml per 1000m²

Location of process being carried out?

In and around domestic properties, public buildings and food handling establishments.

Identify the persons at risk:

Employees

Sub-contractors

Public

Name the substance involved including active ingredient, in the process and its manufacturer.
(A copy of a current safety data sheet is attached to this assessment)

ULV 500 (Killgerm)
Active Ingredients – Tetramethrin (2.2%) d-Phenothrin (4.4%)
Piperonyl butoxide (9.6%), Kerosene (67%)

Classification *(state the category of danger)*

Long term effect on health

Irritant - dermatitis causing

Extremely Flammable

Toxic – if swallowed

Sensitising

Highly Flammable

Corrosive

Biological

Flammable

Harmful - if swallowed

Oxidising

Environmental

Hazard Type

Gas

Vapour

Mist

Fume

Dust

Liquid

Solid

Other (State)

Route of Exposure

Inhalation

Skin

Ingestion

Other (State)

Workplace Exposure Limits (WELs) *please indicate n/a where not applicable*

Maximum Exposure limit 5mg/m = 8 hours

Short-term exposure level (15 mins):10mg/m

State the Risks to Health from Identified Hazards

EC Classification:

R51 / 53 - Very toxic to aquatic organism, may cause long term adverse effects in the aquatic environment.

R65 – Harmful if swallowed – May cause Lung Damage

Control Measures:

Always consider non-toxic or least toxic options before application

Always read label / MSDS before use and comply with details.

Remove non-target organisms / People during application

Do not re-enter treated areas until ventilated and insecticide is dry

To be used by trained operative (professional) only

Keep in original, labelled container.

Cover fish tanks, water tanks when applying

Do not contaminate foodstuffs, utensils or food contact surfaces.

Remain in control of substance at all times. Storage to be restricted to certified store, out of storage use to be confined to vehicle.

Where risk of interception by 3rd party warning labels to be used to denote use and risk

Records to be kept on usage and location in pest control master file.

Operator to wear suitable PPE when handling and applying As detailed below. Records of PPE maintenance to be held centrally.

Make up only enough spray to carry out treatment to work area

Waste product to be retained and disposed of by Pest Control operator as per EA guidelines.

Safety Phrases:

S1 Keep locked up. S2 Keep out of the reach of children
 S7 Keep container tightly closed
 S13 Keep away from food, drink and animal feeding stuffs
 S20/21 When using do not eat, drink or smoke
 S23 – Do not breathe gas/fumes/vapour/spray
 S24 – Avoid contact with skin
 S26 – In case of contact with eyes, rinse immediately with plenty of water and seek medical advice
 S28 – In case of contact with skin wash immediately with plenty of water and seek medical advice
 S29 – Do not empty into drains
 S36/37 Wear suitable protective clothing and gloves
 S38 – In case of insufficient ventilation wear suitable respiratory equipment.
 S44/S45 In case of accident or if you feel unwell, seek medical advice (show the label where possible)
 S49/ S35 Keep in original container and dispose of in a safe way
 S57 Use appropriate container to avoid environmental contamination
 S60/S35 This material and its container must be disposed of as hazardous waste
 S61 Avoid release to the environment. Refer to special instructions / safety data sheets
 S62 If swallowed, do not induce vomiting : seek medical advice immediately and show the label or container

Is health surveillance or monitoring required?

Yes No **Personal Protective Equipment (state type and standard)**

 <input type="checkbox"/>		 <input type="checkbox"/>	
Dust mask		Visor	
 <input checked="" type="checkbox"/>	Half mask respirator to EN140 plus A1P2 Filter to EN141	 <input checked="" type="checkbox"/>	Goggles to EN166
